Garage/Yard Sale Signs & Real Estate Open House Signs

The **Community Standards Division** is responsible for regulating the use temporary signs, often used to provide notice of events or special sales, on public lands such as City right-of-way. The following information summarizes the most significant regulations for placement of these types of signs. Please refer to *The Temporary Sign Bylaw* for a complete overview of all temporary sign regulations.

What is a Temporary Sign?

A temporary sign is intended to be displayed for a short period of time on permitted city buffer strips and right of way areas, in conjunction with a specific event. The Temporary Sign Bylaw specifies where such signs may, or may not be placed. Please note that the only temporary signs permitted in residential areas are those related to a garage sale or real estate open house, or election signs. In addition, residential property owners may display a small project development sign on their property during the time that a contractor is working at the property. All signs must be removed immediately following the event.

Restrictions on placement of Temporary Signs

Temporary signs are permitted on certain city boulevards except as noted here:.

- ❖ **Signs are not permitted on any roads listed as a Prohibited Roadway**
- ❖ **Signs are not permitted on the centre medians of any roads, or traffic islands**
- ❖ **Signs are not permitted in any residential zoning districts (with the exception of garage sale or open house signs).**
- ❖ **Signs must maintain the following separation distances:**
 - 2 metres from a curb
 - 2 metres from a fire hydrant
 - 5 metres from any private driveway
 - 30 metres from any intersection
 - 1 metre from any City sidewalk or pathway

Design Restrictions for Temporary Signs

Temporary Signs must conform to the following requirements:

- Must have no more than two sign faces;
- The top of the sign must be no higher than 1 metre above grade;
- The total sign face area must be no larger than 0.6 square metres and must be self-supporting (must not be attached to any City property such as fences, bus shelters, trees, street light poles or traffic signal poles);
- Must not be animated, illuminated, rotating, flashing or have moving lights or other electrical features;
- Must not have attachments such as balloons, kites, an electronic message centre or inflatable devices;
- Must not resemble traffic control devices;
- Must not be placed in such a way as to create a potential hazard to vehicular or pedestrian traffic and must not obstruct the view of any portion of a traffic control device or signal.
