

Benefits of Recycling

INCLUSION

Recycling provides opportunities for over **400 adults** with intellectual disabilities at Cosmopolitan Industries, the non-profit organization behind Saskatoon's multi-unit residential recycling program.

SAVINGS

The new program will help divert recyclable waste from our Landfill **saving millions** over the long term.

ENVIRONMENT

By recycling everyday materials, and putting waste in the right place, you are helping to reduce pollution, conserve energy and **grow a greener** Saskatoon for us all.

The organization known to many as 'Cosmo' plays a very important role in our community.

Cosmopolitan Industries enhances the quality of life for adults with intellectual disabilities, providing purposeful vocational activities which challenge capabilities and build self-esteem. Cosmo explores opportunities for participants to make meaningful contributions to our community.

PUT WASTE IN THE RIGHT PLACE

Cosmopolitan Industries has been contracted by the City of Saskatoon to provide recycling service for multi-unit buildings and complexes, like apartments and condos.

Here's what you need to know!

IT'S SIMPLE

Use this brochure as a **quick reference** guide to help you sort recyclables from your trash.

IT'S EASY

Toss loose, clean recyclables in the large **blue bin** outside and the rest of your waste in your building's garbage bin.

IT'S GREAT FOR OUR COMMUNITY

Community **benefits** will come with every load of recyclable material we haul away.

WHAT CAN I RECYCLE?

Use the blue bin outside your building to recycle clean packaging material

Beverage Containers

Newspapers

Paper Materials

Cardboard

Milk & Drink Cartons

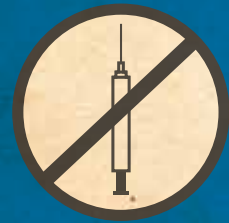

Plastic Containers
(look on bottom for #1 -7)

Glass and Jars

Aluminum Foil, Trays,
Pie Plates and Tin Cans

Needles

Propane Tanks

Furniture

Aerosol Cans

Electronics

Paint Cans

Styrofoam

HANDLING YOUR RECYCLING

3 EASY STEPS

1

Choose a tote

To transport recyclables from your unit to the blue recycling container outside, choose a re-usable tote bag, box or other container that is light weight, durable and easy to clean. Instead of using plastic garbage bags, choose something that you can use over and over again.

2

Pick a spot

Storing your recyclables can be as simple as suspending a tote bag from a coat hook in your storage room or closet or placing it in a corner on the floor. When it's ready to be emptied, grab it and go!

3

Separate recyclables from waste

Post this brochure near your tote. It will help you put waste in the right place and keep recyclables separate from your garbage.
